

```
ggraph(data, layout = 'kk') +  
  geom_edge_link() +  
  geom_node_point() +  
  theme_graph()
```

```
# A network of who I follow on twitter  
# 116 nodes and 2099 edges
```

Then beginning

The beginning

```
ggraph(data, layout = 'kk') +  
  geom_edge_link() +  
  geom_node_point() +  
  theme_graph()
```

*# A network of who I follow on twitter
116 nodes and 2099 edges*

Exploring edges

```
ggraph(...) +  
  geom_edge_link(  
    aes(colour = ..index..),  
    width = 0.1,  
    alpha = 0.5  
  ) +  
  geom_node_point() +  
  scale_edge_color_gradient(  
    'Direction',  
    low = 'white',  
    high = 'black',  
    guide = 'edge_direction'  
  ) +  
  theme_graph()
```
